Future Federal standards shall be promulgated by the State within six months after promulgation by the Secretary of Labor. In the case of product standards the State has provided assurances that any State product standards will be required by compelling local conditions and will not unduly burden interstate commerce.

All personnel employed to carry out the plan are to be hired under the Wyoming Personnel Merit System which conforms to standards established by the United States Civil Service Commission. The plan also contains a detailed description of the resources that are to be devoted to it.

§ 1952.343 Compliance staffing benchmarks.

Under the terms of the 1978 Court Order in *AFL-CIO v. Marshall*, Compliance staffing levels (benchmarks) necessary for a "fully effective" enforcement program were required to be established for each State operating an approved State plan. In September 1984 Wyoming, in conjunction with OSHA, completed a reassessment of the levels initially established in 1980 and proposed revised compliance staffing benchmarks of 6 safety and 2 health compliance officers. After opportunity for public comment and service on the AFL-CIO, the Assistant Secretary approved these revised staffing requirements on June 27, 1985.

29 CFR Ch. XVII (7-1-01 Edition)

§ 1952.344 Final approval determination.

(a) In accordance with section 18(e) of the Act and procedures in 29 CFR part 1902, and after a determination that the State met the "fully effective" compliance staffing benchmarks as revised in 1984 in response to a Court Order in *AFL-CIO v. Marshall* (CA 74-406), and was satisfactorily providing reports to OSHA through participation in the Federal-State Unified Management Information System, the Assistant Secretary evaluated actual operations under the Wyoming State plan for a period of at least one year following certification of completion of developmental steps (45 FR 85739). Based on the 18(e) Evaluation Report for the period of October 1982 through March 1984, and after opportunity for public comment, the Assistant Secretary determined that in operation the State of Wyoming's occupational safety health program is at least as effective as the Federal program in providing safe and healthful employment and places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

(b) Except as otherwise noted, the plan which has received final approval covers all activities of employers and all places of employment in Wyoming. The plan does not cover private sector maritime employment; employment on the Warren Air Force Base; Federal government employers and employees; the U.S. Postal Service (USPS), including USPS employees, and contract employees and contractor-operated facilities engaged in USPS mail operations; the enforcement of the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, with respect to any agricultural establishment where employees are engaged in "agricultural employment" within the meaning of the Migrant and Seasonal Agricultural Worker Protection Act, 29 U.S.C. 1802(3), regardless of the number
